- Thank you letter from Ontario Teachers Pension Plan after they and IFM Investors acquired Enwave District Energy holdings from Brookfield (June 2021).

### Thank You

Hello David,

We are pleased to share with you that we have been successful in acquiring the Canadian operations of Enwave. Brookfield has elected to sell the US and Canadian businesses separately. Thank you so much for your hard work and diligence over the past months and especially through the holidays. The timeline was tight and we could not have done it without you and your team. Please find a press release attached for your reference.

Warm Regards,  
IFM and OTTP Teams
